

THE SILENTIA SCREEN SYSTEM

Silentia Shower Screens – for optimal hygiene and patient privacy

EasyClick™ EasyClean™

The new and long awaited Shower Screens

Our new Shower Screens are a practical solution for creating a flexible shower area. With a hygienic, water-resistant surface and low height, the screens make it easy to shower patients even if they are sitting on a chair. The frosted surface lets daylight in while providing patient privacy and keeping you dry. The wall-mounted screens easily fold when not in use.

Optimal hygiene with EasyClean

The screen has smooth surfaces that withstand the disinfectants used in care situations. The enclosed wheels can easily be removed and washed, for example, in a flusher disinfector. All products meet strict hygiene requirements and all surfaces are accessible for cleaning – that's EasyClean.

Simple assembly with EasyClick

The EasyClick wall mounting system makes the screens simple to assemble. Each panel can be unattached without tools, thanks to EasyClick. This allows easy access for cleaning.
